

# Student Safety Plan

ADEC is authorised to deliver training at its Preston site from 8am to 10pm. ADEC is located in a well lit and well accessed area which is a mix of established houses, businesses and restaurants/cafes. It is important that students exercise care getting to and from the Preston campus. This is particularly important if you are accessing the many types of public transport near ADEC eg tram, train or bus.

If you are attending evening classes you are advised to consider the following:

- Where possible travel with a friend
- Do not display expensive electronic equipment such as mobile phones, portable music players etc
- Only walk in well lit areas and try to keep to busier roads
- Walk with confidence and a steady pace
- Avoid walking or parking in poorly lit areas or laneways at night
- If you are verbally harassed: ignore the comments, do not respond, keep walking towards an area where you can see other people ie tram stop or busy hotel
- If you are worried about being harassed return to ADEC and request support
- If you are unsure you can ask an ADEC staff member to escort you to the tram, train or bus stop
- Enter the ADEC telephone number into your phone 9480 1666
- In case of emergency contact the Police on '000'
